                                                    Clostridium botulinum.
Clostridium botulinum
Bacteria; Firmicutes; Bacillus/Clostridium group; Clostridiaceae;
                                                                                                                                                       Kirma, N., Ferreira, J.L. and Baumstark, B.R.
Characterization of six type A strains of Clostridium botulinum
that contain type B toxin gene sequences
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      2560 AATAAATATAATAGCGATATTTTAAATAATATTATCTTAAATTTAAGATATAGGGATAAT 2619
